## What you will be doing at **Evalueserve**

- Manage and mentor a team of analysts to deliver high-quality research and analysis services to clients
- Conduct primary and secondary research cross industry to gather data and insights for client projects
- Develop and maintain strong relationships with clients, ensuring timely and quality delivery of projects
- Oversee workflow coordination and ensure timely delivery of projects.
- Guide Analysts and Senior Analysts on the project methodology and to ensure alignment with end objective and client expectations.
- Manage project execution (e.g., time, staff, quality, etc.), flag potential issues arising during project execution and provide guidance to the researchers
- Analyze data and prepare reports, presentations, and other deliverables for clients
- Provide thought leadership and insights to clients in areas of expertise
- Stay up to date with industry trends and best practices to ensure quality delivery
- Collaborate with cross-functional teams to drive innovation and continuous improvement
- Knowledge of financial concepts and financial statements

## What we're **looking for**

- Master's degree in a relevant field such as business, economics, or market research
- 5-7 years of experience in research or consulting, with a focus on delivering insights and analysis to clients
- Experience managing and leading teams of analysts and senior analysts
- Strong analytical skills and attention to detail, excellent communication, and interpersonal skills
- Ability to manage multiple projects simultaneously and meet tight deadlines
- Proficiency in Microsoft Office Suite and other relevant software applications
- Knowledge of research methodologies, databases (Capital IQ, Pitchbook etc.) and data analysis techniques
- Proficiency in Microsoft Office, especially Excel, and PowerPoint
- Ability to translate the desired project goals into sequential steps that need to be executed through the research or analytical process
- Ability to collaborate with others or work independently, seeking guidance when needed, initiating action, adapting to change, and accepting challenging assignments

**Disclaimer:** The following job description serves as an informative reference for the tasks you may be required to perform. However, it does not constitute an integral component of your employment agreement and is subject to periodic modifications to align with evolving circumstances.
